CONCRETETECT - SURFACE PROTECTION

SKU CTSP - 4082 / UPC BARCODE 795847514505

PRODUCT OVERVIEW

- ➔ ConcreteTect is designed specifically for concrete, filling a gap where most surface films fail to adhere to porous, sand-based substrates.
- ➔ Offers a safer alternative to heavy-duty paper, eliminating slipping, shifting, and taping issues on stairs, sidewalks, and precast surfaces.
- ➔ Installs quickly and easily, forming a tight, reliable bond to concrete that stays in place
- ➔ Built with a liquid-absorbing nonwoven top layer and a moisture-resistant high-adhesion bottom layer for maximum on-site durability.
- ➔ Provides long-lasting protection for concrete floors, walls, and stairs
