PRODUCT OVERVIEW

- ➔ GutsterContractor Clean-Up Bags are built for the toughest jobsite debris, handling sharp, heavy, and messy waste with confidence.
- ➔ Made from ultra-durable 3 mil plastic, providing superior resistance to punctures, rips, and tears from nails, glass, and rubble.
- ➔ The 42-gallon capacity holds bulky loads without sagging or splitting, even during demanding clean-up tasks.
- ➔ Designed for professional contractors and restoration crews, delivering reliable performance on every job.
- ➔ Flexible yet tough construction makes them jobsite-ready for construction, demolition, landscaping, and disaster clean-up.
